People often ask what do we expect your dog to do before it starts agility training.

We hope the list below will help:

1. The dog must be 12 months or older and in good physical condition.

3. At least Bronze Good Citizen or above

(If you do not have this qualification it is not essential).

However your dog must be able to:-

A) Walk on lead (although it is not required for the bronze)

B) Heelwork off lead with distractions

C) Stay for 1 minute.

Other things that will help but are not essential are.

A) A send away.

B) A good retrieve

C) Fast pace heelwork off lead.
